

To obtain either of the two NASA Thesaurus Data File products, you must complete and sign the Terms and Conditions of Use agreement and fax it to the NASA STI Information Desk at 443-757-5803. Following receipt of the signed agreement, you will be contacted by a NASA Center for AeroSpace Information representative with further information on placing your order.

Terms and Conditions of Use for NASA Thesaurus Data File Products

Submittal of this form indicates the customer's acceptance of the following terms and conditions:

- NASA does not grant exclusive use rights with respect to this product or the data contained therein.
- This product and the data contained therein are intended for the sole use of the customer or site-specific use by the customer's organization. The data may not be installed on any system with public Internet access. The customer may not reproduce the data for distribution to any third party. Additional requests should be directed to the NASA Center for AeroSpace Information (help@sti.nasa.gov).
- The distribution of this product shall not be construed to constitute the grant of exclusive rights in the data contained therein or any form of license to the customer under a NASA or Government patent, patent application, or invention.
- NASA must be identified as the source of the data; and if any modification of the content of the files is made by the customer or customer's organization, a statement must be added to the file acknowledging that modifications were made, identifying customer or customer's organization as originator of the modifications, and including the date of the modifications and a general description of the modifications.
- The customer will not assert any proprietary rights to any portion of the data, or attribute the data to any source other than NASA.
- With respect to data contained in this product, neither the U.S. Government, NASA, nor any of its employees or contractors make any representations or warranties, express, implied, or statutory, as to the validity, accuracy, completeness, or fitness for a particular purpose; nor assume any liability resulting from the use of such data and shall in no way be liable for any costs, expenses, claims, or demands arising out of the use of such data.
